Re: Calex Logistics Supply Chain Partnership

i2M is pleased to announce a partnership with Calex Logistics for the management of the i2M supply chain. The partnership and combined expertise of Calex Logistics in Supply Chain Management and i2M in the manufacturing of Thin Film products insures our competitive position and efficient distribution to our client base both internationally and domestically.

Specifically, Calex Logistics will employ and manage all Associates required to operate the i2M Supply Chain. Additionally, Calex Logistics will negotiate and execute on behalf of i2M all contracts with all modes of transportation, manage all freight distribution, freight audit and claims management.

We look forward to working together with Calex Logistics, and all of our various vendors, to responsibly and aggressively grow market share and profitability. In advance, we appreciate your partnership with i2M and your support in fulfilling the demands of our client base and being a key part of making i2M a world-class supplier.

Sincerely,

Chris Hackett
CEO
i2M
